

“KYBC is a very impressive facility which addresses global concerns... It embodies many of the ideals that educators and public servants have for the State of Hawai`i... It will serve as a model for other communities... This is something that is very much needed in every community. What you have here is an exciting opportunity for youth to be creative and innovative... KYBC is at the forefront of community development.”

-Lt. Gov. James “Duke”
Aiona on visiting KYBC
on April 25, 2007

Highway, Ste. 6
Located in Kea`au Town
Center

Tel: [808] 966-6354

Fax: [808] 982-8567

Multimedia Lab

The Multimedia Lab provides students with the most up-to-date MAC computers for refining their skills in video production, graphic artistry and desktop publishing. The priority will be to serve the needs of the community.

The Sound Recording Studio features a 15' x 20' sound recording room; a 18' x 18' live studio, and a vocal recording room. The Center will offer training in Pro Tools, Logic, and other industry standard software on a state-of-the-art Digital Sound Board and computer.

Culinary Arts

The Culinary Arts training features an eclectic approach to ethnic cuisine. Besides learning basic kitchen safety cutlery evaluation and menu development, students will collaborate with industry professionals on creating their own dishes, presentation and culinary events.
